

**CAMEL JET**

**CJ1600 NOW  
AVAILABLE  
WITH AIR  
OPTIONS**

Super Products, manufacturer of the "Camel" adds a new twist to the Camel JET CJ1600 truck mounted sewer cleaner - "AIR" where you need it, when you need it.

Not just for sanitary and storm sewers anymore. Our Camel JET can flush sewer lines and also operate air tools up to 700' away from the unit. Great for robotic lateral cutting saws, air hammers and chain saws, just to mention a few applications.

## CAMEL JET FEATURES

### Water Tank System

3/8" rotationally molded, non-cross linked polyethylene with ultraviolet stabilizer. Available in 1,000, 1,600 and 2,100 gallon capacities.

### High Pressure Water System

Uses a continuous flow and pressure positive displacement triplex water pump. Rated capacities from 30 GPM up to 120 GPM and available pressures up to 3,000 PSI.

### Sewer Hose Reel

A variety of standard and custom reels are offered in one of two mounting positions. Available at the front or rear of the unit in a fixed position, along with our state of the art manual or hydraulic full 180 degree rotation. Hose reels are available to hold up to 1,000' of 1" sewer hose.

### Power Take Off Drive System

Single engine efficiency for all operations. Functions are driven via a split shaft transfer case with 8-Bolt hot shift PTO drive. Also available with the Allison New World automatic transmission 10-Bolt hot shift drive.

## AIR OPTIONS

### Air Compressor

- PTO driven 185 CFM air compressor
- Maximum pressures up to 150 PSI

### Air Hose Reel

- 180 degree rotating hose reel
- Capacity of 800' of 3/4" hose
- Fully automatic level rewind
- Hydraulically controlled in and out
- Workable from driver's or passenger's side of the unit

### Sewer Cleaning and Air All In One Unit

No need for those bulky pull behind compressors or the need for an auxiliary engine. PTO driven air, along with sewer cleaning capabilities all in one unit.
